Orientation cum Career Counselling Session

Faculty of Sciences of Govt. College Theog in Collaboration with Career Counselling and Placement Cell organized Orientation cum Career Counselling Session for the students of Bachelor of Sciences. Main objective of this programme was to foster close relationships between students and teachers and to give vital information on the academic components of their courses. Students were also acquainted with different career opportunity in the field of Mathematics. The orientation programme effectively bridged the knowledge gap between students and faculty, providing the students with essential skills to efficiently traverse the resources. Majority of students participated in orientation Programme.
