Report:-

The Career Counselling and placement cell of Govt. Degree College Theog organised Career Counselling sessions for the B.A., B.Com and B.Sc 1st Year Students on 01-08-24 in the College in Room No. 08 and 09 i.e Seminar Hall respectively. The Basic purpose of Conducting the Career Consulting sessions for 1st year students of all the streams was to familize them with the Career opportunities in different streams. Keeping in view the uncertainties w.r.t the Job prospects and Spate of literature with respect to Career opportunities organising these Session was thought to be necessary and inevitable at Institutional level. All the three streams i.e Arts, Commerce and Science teach part in this Counselling sessions and teachers had wide and Comprehensive discussions and deliberations on Career opportunities in various fields. Reports of Arts, Commerce and Science faculties in this respects is hereby attached.

26th September 2024

An informative session on Intellectual Property Rights (IPR) was organised by Career Counselling & Placement Cell of the college on 26th sept. 2024 to raise awareness among students regarding the significance of IPR, with a special focus on patents. The session was delivered by Mr. Akarsh Sharma, Risk Consultant at PwC, one of the renowned company a specialist in filing of Patents and Alma Mater, Shoolini University of Biotechnology and management Sciences. The lecture aimed to guide students on the fundamentals of Intellectual Property Rights, emphasizing the importance of protection innovations and creations in various fields.

The speaker began the session with a comprehensive introduction to intellectual Property Rights (IPR), explaining how intellectual property encompasses creations of the mind. The primary focus of the lecture was on patents which protect inventions by granting exclusive rights to inventors for a specified period. The key criteria for a Patent were outlined, including novelty, non-obviousness and industrial applicability etc. The resource person guided the students through the step-by-step process of obtaining a patent, and benefits of obtaining a patent were also discussed in detail.

The lecture concluded with an interactive Q & A session where students raised various queries regarding the patenting process, the cost involved and the potential challenges faced

by the inventors. The resource person answered these queries, providing practical advice and guidance to the students.

The awareness session on Intellectual Property Rights with a focus on patents, proved to be highly insightful for the students. It not only broadened their understanding of the IPR landscape but also motivated them to consider protecting their own innovations through patents. The students left with a greater appreciation for the role of patents in fostering innovation and creativity.
